EDUCATION

University of California, Berkeley 2020-Present

- Computer Science B.A.
- Expected graduation: 2024
- GPA: 3.88/4.0

Tesoro High School 2016-2020

- GPA: 3.962/4.0, Weighted GPA: 4.731
- Honors: Scholar of Scholars (valedictorian), National Merit Finalist, National AP Scholar

COURSEWORK

- CS 61A: Structure & Interpretation of Computer Programs, CS 61B: Data Structures, CS 70: Discrete Math/Probability, Data 8: Intro. to Data Science
- In Progress: CS 170: Algorithms, EECS 16A: Linear Algebra

LEADERSHIP

Science Olympiad Captain 2019-2020

- Led, communicated and organized all team meetings and competition logistics
- Guided new and returning team members toward efficient preparation for the competition

Science Olympiad Publicity Chair 2017-2019

- Communicated with science teachers to go to their classrooms and talk to students about the Science Olympiad team
- Created and distributed fliers for informational meetings to recruit new members

VOLUNTEERING EXPERIENCE

CSM (Computer Science Mentors) – Junior Mentor 2021

- Lead and taught a weekly small group tutoring section for students taking CS 61A, the intro-CS class
- Mini-lectured, taught coding questions, clarified concepts

Academic Intern (61B) Summer 2021

- Aided in answering questions and debugging student's code during lab for the data structures course

PROJECTS

Gitlet 2021

- Designed and implemented a file control system (subset of Git) using Java
- Commands include: init, add, remove, branch, checkout, log, status, merge

Personal Website (<https://jackiexhw.github.io>) 2021

- Used HTML and CSS to create a personal site hosted by GitHub Pages

LANGUAGES

- Fluent: Python, Java, Scheme
- Familiar: SQL, HTML, CSS
